BOTH WILLS FILED IN COURT. Instruments Made by F. Boehner and Wife Presented for Probate.

The will of Frederick Boehner and that of his wife, Dorothy, were filed for probate yesterday. The husband died first. Their son Conrad, who was named executor in his father's will, is also dead.

Boehner willed his property to his wife, provided she did not marry. In the latter event it was to be divided equally between her and the son, Conrad. The latter died hefore his mother. She willed the property to his widow, Emma, on condition that she does not marry. At her death it is to be divided equally among the seven children of Leonard Boehner, deceased son of the testatrix. If Mrs. Boehner marries she will receive one-lighth of the property and the remainder goes to Leonard Boehner's children. They are Frederick, Henry, John, Dora, Bertha, Conrad and Emma.

Charles Sullivan, who says he is a Corporal in Company K. Twenty-second Regiment, and deserted on November 1 of last year, was arrested at Sixth and Morgan streets last night. The Reverend A. C. Pinkston, a Eaptist minister, was deposed from the ministry yesterday morning by a council of the pastors of the Baptist churches of the city. Last night he was dismissed from fellow-ship with the church by the Fourth Baptist Church, where he was ordained on Jan-

uary 6.

The charges against Mr. Pinkston were general and allege character and conduct not becoming a minister of the gospel. It is understood no effort was made to go into detail at the trial. The minister made no

The minister made no defense and the charge went by default. Sunday evening Mr. Pinkston learned that his trial was to be on the following morning, and after a conference with the pastor of the Fourth Church, the Reverend E. L. Hill, decided to surrender his ordination papers to Mr. Hill.

Mr. Pinkston has been in the city but a short time. He came here from Kentucky, where he formerly belonged to the M. E. Church, South. He held a license to preach from that body. At the Fourth Church he expressed a desire to enter the ministry of the Baptist Church and was admitted to membership.

On the references he presented from prominent ministers and church persons in Kentucky it was decided to ordain him a minister. He went to Pledmont, Wayne County, Mo., and after delivering a sermon in the Baptist Church at that place was invited to become its pastor. He accepted and returned to St. Louis to be ordained.

At his request the local ministers agreed to do away with the customary deliberative manner and searching investigation, and a committee was appointed which made a cursory examination.

Since his ordination Mr. Pinkston re-Mississippi at 4 p. m. with lumber and logs.

committee was appointed which made a cur-sory examination.

Since his ordination Mr. Pinkston re-mained in St. Louis waiting to take charge of the Piedmont church. A prominent Bap-tist minister stated yesterday that infor-mation concerning the minister's character reached the church in a peculiar manner, and a council of ministers was at once called. Their deliberations resulted in the deposing of Mr. Pinkston.

CENTRAL BAPTIST TO MOVE.

RINKJOEBING, DENMARK—It has become known that all the members of the crew, numbering twenty-four, of the Norwegian steamer Avena, from New Orleans, which went ashore at Lemvig, were drowned. Editorial Department Will Be in Board of Education Building.

The editorial offices of the Central Baptist are to be moved within a week from their present quarters in the Emilie building to the Board of Education building.

The office of the Reverend Manly J. Breaker, secretary of the Board of Missions, will also be removed to the same place. The room to be occupied is on the fourth floor and is large enough to comfortably accommodate the three offices.

The change is made necessary by the anticipated wrecking of the Emilie building to make room for the offices of the Frisco Railroad. The offices of the American Baptist Publication Society are to be further west on Olive street. The second floor of the building it will occupy is not suitable for offices and for this reason the editorial department was obliged to obtain separate quarters. It is the first times in many years that the two concerns have been separated. Board of Education Building. CHICAGO—Two men were killed, five se-riously injured and six others slightly hurt in a rear-end collision of eastbound stock trains on the Illinois Central.

NEWS OF THE CITY CHURCHES.

Presbyterians Will Hold Sixty Days Revival Meetings. The Presbyterian Ministers' Association yesterday morning appointed a committee to select a subcommittee to take charge of the evangelistic work of the denomination in this city during the coming summer and the World's Fair. An active campaign is to be waged.

The Campbell Morgan meetings are to be followed by systematic efforts by the Presbyterian ministers of the city. A series of meetings has been planned which is to be conducted by ministers. They will last sixty days, and during that time every church in the St. Louis Presbytery will have a revival.

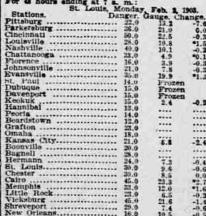

The monthly meeting of the Church Extension and City Mission Society of the ME. Church, South, will take place Thursday evening at the Cabanne Church. A lunch it to be served at 6:30 o'clock in the evening.

A Bible Teachers' Study Circle has been organized at the Mount Auburn M. E. Church, South, with twenty-three members. The teacher is the Reverend Josephus Stephan, paster of the church. Meetings of a revival nature are being conducted at the Marvin and Cook Avenue M. E. churches, South. The Reverend Wal-ter Holcomb of North Carolina is assisting at the Cook Avenue Church,

SUMMARY OF ST. LOUIS MARKETS.

fore St. Louis rivermen. The patents are owned by John F. Cahill, who was interested in a similar boat seven years ago. The boat as now proposed is an improvement on the old patents. To make the craft stable at sea it has a series of center boards, or movable keels, to be lowered in ocean travel. When navigating rivers these are drawn up into compartments in the hull. It has a freight capacity of 1,000 tons in seven feet of water.

The Chester arrived vesterday morning from Wheat made a slight gain in yesterday's market, despite the fact that nearly all legihas a freight capacity of 1,000 tons in seven fest of water.

-The Chester arrived yesterday morning from Cape Girardeau and departed on the return in the afternoon with a good trip.

-Among the callers at the Harbor rooms yesterday were Captain Theodore Hall and Captain Tom Garrison.

-The lighthouse tender Lilly is on the ways at Carondelet being repaired. More than \$10,000 will be expended on her.

-The Grey Eagle arrived yesterday morning from Commerce and went out on the return in the afternoon. She took many deckers to the lower river railroad camps.

-If the weather continues mild it is expected that the Lice Line will resume business between St.LouisandMem phis next month.

-Captain William Bagon of the lighthouse service was a caller at the Harbor rooms yesterday.

-The towboat Beaver passed Evansville, Ind. timate conditions favored a downward movement. Manipulation was largely responsible for the advance. There was some encouragement for the buils early in the session when the cables showed that opening prices at Liverpool and the Continental markets were much stronger than had been expected. This, coupled with cold weather news from the Morthwest, caused some buying by local professionals. When it was seen that the early foreign strength was not sustained and that receipts here and at other primary points were extremely heavy, the buying interest waned and for a time the market was very dull. In the last hour the shorts were sent to cover by rumors that Armour was again a heavy buyer in the Chicago market. There was enough buying of small lots on this in-

formation to cause a slight advance.

Corn was dull and easy. Trading was at no time heavy and all conditions favored the slling side. Receipts were large and the visible supply showed an increase.

May wheat opened ic up and closed icole up.

May corn opened ic off and closed icolf.

May oats clesed 4c up.

Receipts of produce were moderate and there was the usual light Monday demand. rices were about steady for top grades.

Local securities were well supported on the upturn. Trust company and bank issue ere in best inouiry. Yesterday's bank clearings were \$9,007,648, balances \$832,555. Discount rates were steady

between 5 and 6 per cent. Spot cotton was unchanged in the local market.

WHEAT HAS SUPPORT OF MANIPULATIVE BUYERS.

CORN CLOSES AT A SLIGHT DECLINE.

Grain Markets Are Dull With Most Legitimate Conditions Bearish.

Though domestic conditions were mainly bullish yesterday, the wheat market made a slight gain and closed fairly strong. Cables at the opening were unexpectedly higher, and Armour was again said to be a buyer in the Chicago market. Weather con-ditions in the Northwest were said to indi-cate extreme cold. Receipts were again heavy, and the early foreign advances were

heavy, and the early foreign advances were not sustained. Buying was mainly by pikers, and small traders, who had sold short at the close of last week.

The market opened quiet at a decline of 1 point under selling for both accounts, which was chiefly encouraged by the outlook for receipts. The early estimate for the ports pointed to a movement of about 19.00 bales, as compared with 19.857 bales last year, and the interior receipts also have recently shown an expanding tendency. New Orieans showed a disposition to drag after the call, and Liverpool; which opened unchanged and advanced 11cc to 13cc, also declined and closed about 2 points lower. The weaker tone resulting from these influences was responsible for a decline of from 4 to 8 points on the active option. Bull Leader Sells Liberally-Corn Pit Featureless-Provisions Are Easier.

Chicago, Feb. 2-Trading on the Board of Trade was rather dull to-day in all the pits. and, after a nervous session, wheat closed closing from 21/2c to 121/2c lower.

wheat.

The unexpected firmness of English cables caused a strong opening in wheat, but the local traders were inclined to be bearish and had considerable stuff for sale, which carried the price down to 7746774c after initial sales at 773c, the opening figures being lac higher than Saturday's close. The leader of the recent bull movement was a liberal seller, it being reported that in the neighborhood of a million bushels were sold for his account. When the pressure from this source had diminished the market developed a stronger tendency, and May advanced to 784c. The close was strong and near the top, with a gain of \$675c at 78140 and the source had diminished the market developed a stronger tendency, and may advanced to 784c. The close was strong and near the top, with a gain of \$675c at 78140 and the source had diminished the market developed a stronger tendency, and may advanced to 784c. The close was strong and near the top, with a gain of \$675c at 78140 and the same than the same transmitted to 585c. Commission houses were the best buyers. Large world's shipments—amounting to 8.780,000 bu, for the week—a less urgent cash demand and increased primary receipts were bear influences. The amount on passage increased 1.764,000 bu. Clearances of wheat and flour equaled 265,000 bu. The visible supply decreased 606,000 bu. against 467,000 a year ago.

Minneapolis and Duluth reported receipts of 56 cars—2 of contract grade—made total receipts for the three points of 560 cars, against 1,000 cars last week and 389 cars a year ago.

CORN.

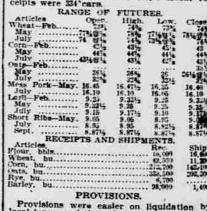

CORN.

Corn ruled dull and featurcless, and the volume of trade was very light. Opening prices were firm on the strength in wheat and on smaller receipts than had been estimated, but under the influence of freshort selling by locals and scattered liquidation by their holders the market weak-cned. The late advance in wheat, however, gave firmness to the situation, and the close was about steady, with May 1604c lower at 496c, after selling between 4446 445c. Local receipts were 301 cars, I contract grade.

OATS.

OATS.

Nothing of importance developed in trading in oats, and the market was exceedginly dull, with prices easier. Receipts were
fairly liberal, while the cash demand was
good. The car shortage was still a drawback to trading. The close was stendy,
with May a shade lower at 35% 135% c. after
ranging between 36c and 35% c. Local receipts were 334 cars.

PROVISIONS.

Provisions were easier on liquidation by local longs and the volume of business was light. A little better demand developed late in the day and a slight recovery was made. May pork closed 12½c lower at 154.69, May lard was off ½c at 18.35, while ribs were down 12½c off at 1803.025.

Estimated receipts for to-morrow: Wheat, 70 cars; corn, 495; oats, 275; hogs, 32,000 head.
